At this meeting the Board discussed the possibility of the U.S. Constitution being amended by the necessary 38 states, thus allowing 18-year-olds the right to vote in all elections. Should this change in the U.S. Constitution be after August 25th, which is the closing date for registration for the Preliminary Election, it could mean that the 18-year-olds "technically enfranchised" would not have the opportunity to register for such Preliminary Election.

For this reason the Board voted unanimously to register at the main office of the Election Department all 18-year-olds who appear for registration and who are found to be qualified. (A particular register will be used for this registration).

At this time the Board considered the printing of absentee ballots and ballot labels for voting machines for the City Election. Delay in printing the same has been caused by the possibility of an additional question (so-called School Committee Question) being passed by the Legislature and to be placed on the November ballot.

Deputy Police Supt. Bonner  
Larry Ball and Max Feld, Asst. Corporation Counsels

At this meeting there was general discussion on Police Listing for 1973 as it would affect the registration of voters. It was resolved that all persons, Police Listed as residents on January 1, 1973 and who subsequently moved to another address in the city, from which they desire to be registered, would not have to be supplementary police listed, provided they have proof of the new residence.

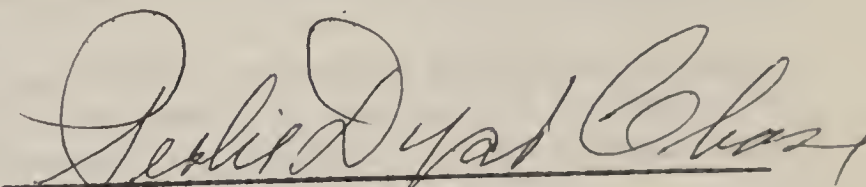

Further, that all persons who appear to be registered who were not police listed in Boston on January 1st, if they have proof of the residence from which they desire to be registered, it will not become necessary to have the police check on such residence.

Only those who have no proof of residence will have to be investigated by the Police on a supplementary listing. (Police will be given the third form of the new registration card).

The Board then discussed the distribution of police lists in view of the new law effecting such distribution. (See meeting of Board 4/12/73).

Larry Ball, Asst. Corporation Counsel, advised (a) to be careful to avoid a discrimination problem; (b) that various city agencies should receive the police lists without charge; and (c) that they should be given to all duly organized political committees.

At this meeting there was discussion on the awarding of bid for the printing and mailing of a sample ballot to each registered voter (app. 300,000) as required by Chap. 1177 of the Acts of 1973, which relates to a SPECIAL ELECTION to be held in the City of Boston on 2 April 1974.

Under date of 20 December 1973 the Board requested permission from the Mayor to dispense with public invitation for competitive bids and to award a contract to Uarco, Inc. of 49 Winchester Street, Newton, to provide Printed Mailer 3-part continuous forms at a price of \$19.75 p/m.

This was rejected by the Finance Commission, who advised that we request three or four formal bids, and as a result of this recommendation the following bids were obtained:

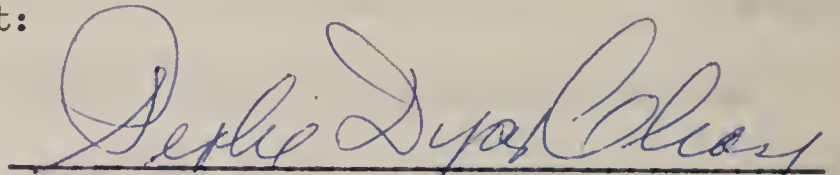

Uarco revised their previous bid and quoted \$16.75 p/m

Control Data Corp., 60 Hickory Drive, Waltham - bid \$13.00 p/m

Moore Business Forms, Inc., 291 Arsenal St., Watertown - bid \$12.95 p/m

BOARD voted unanimously to award contract to Moore Business Forms, Inc. the low bidder, to provide to this department printed mailer type forms at a cost not to exceed \$3885., and to request authorization from the Mayor.

VOTED that said facsimile stamp be used in certifying the returns of any persons who are candidates for public office, and also any question that may appear upon the ballot.

VOTED that the Commissioners' individual facsimile stamps be used on applications for qualifications of members of the armed forces as absentee voters, and on applications for absentee ballots for those in the armed forces.

VOTED to authorize the employees of the department working under the direction of the Board to use facsimile stamps - Board or individual - for specified purposes as need may arise in connection with essential work of the department.

VOTED, that in the event any member of the department personnel use the facsimile stamp of the members of the Board, or the facsimile stamp of the full Board, he shall place his initials at the bottom of the place where the stamp is placed.

VOTED to hold examination of prospective jurors in this office on the following dates from 10 A.M. to 8 P.M.; January 21, 23, 25, 28, 30, February 1, 4, 6, 8, 11, 13, 15, 20, 22, 25, 27, March 1 and 4.

VOTED to request permission from His Honor the Mayor to dispense with public invitation for competitive bids in the City Record, and to award a contract to Moore Business Forms, Inc., 291 Arsenal Street, Watertown, to provide to this department printed mailer type forms at a cost not to exceed \$3,885.

Due to an unforeseen emergency which arose by passage of Chap. 1177, signed by the Governor on December 10, 1973, this law calls for a special city-wide referendum to be held on April 2, 1974, with a provision for a sample ballot to be mailed to each registered voter (approximately 300,000) two weeks before the election.

In view of the time frame involved the Election Department solicited and received informal bids from four firms. Moore Business Forms, Inc. was the low bidder.

The Board further orders that no uniformed patrolman or superior officer be assigned to carry out the Annual Listing of Residents' tasks as a part of his or her regular duty or overtime assignment, with the exception of Patrolman Bartholomew Foley, Badge #2992, who shall be assigned to the Listing Board on a full time basis.

" John M. Fitzgerald, Head Supervisor of Attendance, Boston School Dept.  
" James R. Fleming, Coordinator of School Attendance, " " "

Com. McDermott--The purpose of this meeting is that we have had a request from the School Department that they be able to do a census, which they are required to do under state law, of all residents of the city between the ages of three and twenty-one to determine their educational needs; such census figures to be taken at the time of our annual listing of residents, which for the first time is to be accomplished by communicating with the residents in the City of Boston by U. S. Mail.

From the general discussion that followed it was learned that the State Board of Education would have to approve their census questionnaire, that their requirements would include language interpreters, and that their questions would include educational needs of the blind, mentally retarded, emotionally disturbed, etc.

It was pointed out by Com. Chase that we must adhere to the Gen. Laws which states just what our listing should include.

Com. McDermott stated that this listing by mail is an original under<sup>1</sup>/<sub>4</sub> taking on our part, and that the responsibility to bring it about successfully,

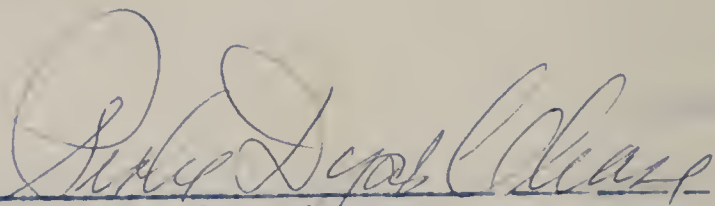

(over)

so as not to jeopardize the coming elections, makes the task a most difficult challenge. We do not know the time factor in regards to this, and we do not know the percent of success that the direct mail will have was explained by Com. Fitzgerald.

The Board VOTED to turn down the request of the School Department that their census be included in our listing activities. The Board did, however, promise to offer whatever advice, information, or help in other forms that they may request.

The Board was requested this day to appear before the City Council to answer questions that have been raised on the set-up of the Shoup Voting Machines for the State Election, in particular the set-up of the Questions that they feel are placed too low on the Shoup Voting Machine, thus causing many voters undue hardship in the reading of said questions.

It was pointed out to the Councillors that all preparations, conduct and contracts are made by the Secretary of State, and the preparation of all ballots are determined by him.

The Board VOTED unanimously ~~that~~-----

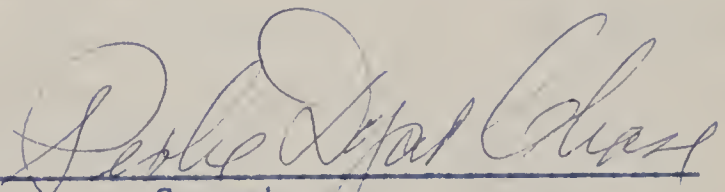

1. That the Secretary of the Commonwealth obtain legal opinion from the Attorney General whether or not the ballots prepared for the Shoup Voting Machine can be divided into two separate columns.

2. That, if the Attorney General's opinion is that it can be done, the Board will instruct H. Frederick Elliott, Chief Voting Machine Custodian, to devise work plan and to find out from the manufacturer, Shoup Voting Machine Company, if there are any structural or mechanical barriers.

3. That if the Attorney General rules that the above procedure can be done, the Board will ask John McElligott, Administrative Assistant to the Board, to survey all costs and incidental matters which will occur in carrying out this procedure.

The Board assured the members of the Council that it would legally and financially do everything possible to make the ballot convenient for the voters if the Secretary of the Commonwealth so directs them.
